**ALTITUDE:** 380 – 490 m above sea level

**TERRAIN:** slopes with up to 60% incline

**SPECIAL FEATURES OF THE TERROIR:** The winegrowing area Maribor borders on the Austrian South Styrian Wine Road in the north and encloses the city of Maribor in the south. The soils of the steep vineyards consist mostly of Leitha limestone or limy clay marl (opok) with sandy and loamy layers. The terroir is mirrored in the silky, delicate structure of the wine. The vines are up to 50 years of age.

**VINIFICATION:** Spontaneous fermentation in large used wooden barrels, twelve months' maturation in barrels, followed by maturation in steel tanks. No finings added, un sulphured, unfiltered.

**TASTING NOTES:** Inviting, fresh, and vibrant. Bright fruit notes of white currant, apple, and gooseberry meet lemon verbena, lemon balm, and cool mint. On the palate, the wine is juicy, saline, and remarkably precise, with citrus freshness, delicate spice, and chalky nuances. Silky, taut, and wonderfully drinkable.

**FOOD PAIRING:** Pairs perfectly with fish like grilled salmon, seafood risotto, stuffed peppers, summer salads with tomatoes and feta, herb-roasted chicken.

**WORKING WITH NATURAL WINE MEANS ACCEPTING THAT SOME THINGS JUST UNFOLD ON THEIR OWN. IT IS WHAT IT IS. HOWEVER, WE ALSO MAKE VERY DELIBERATE CHOICES. FOR SUSTAINABILITY. FOR COMMUNITY. FOR THE FUTURE. IT SHOWS IN THE WAY WE TRUST IN LIFE. AND SIMPLY LET NATURE BE ITSELF.**
